4) I do not think this will do. For example at Bangalore which is the point? If in all cases distances are reckoned from a T.B or D.L. then the correction would be all right. Is that so?

5) Yes.

The Secretary should be asked to obtain the Chief Public Office and insert "or T.B or the Inspection Bungalow from which the distances are reckoned in the Road Map issued by the Home Dept" and also have the Closing Sentence. Then it would cover every conceivable case. The address has been added on the Complaint Register.

OFFICE OF THE COMPTROLLER, MYSORE GOVERNMENT,

Dated Bangalore, the 15th June *1911.*

FROM

J. S. CHAKRAVARTI, ESQ., M.A.,

Comptroller to the Government of
His Highness the Maharaja of Mysore.

To

.....~~Esq.~~,

The *Secretary to the Government of Mysore,*

.....Financial....*Department.*

SIR,

I have the honour to invite reference to article 537, Mysore Service Regulations, and to state that there are no definite orders as to the point in any Station from which a journey should be held to commence, or at which it should be held to end. The practice, so far, has been to take distances, for purposes of travelling allowance rules, from the ... Mysore Public Works Road Map in which the distances are calculated from one Travellers' Bungalow to another, or where there are no such bungalows from one Inspection Lodge to another. There is no authorised table of distances calculated from the chief public office in any Station and the existing practice of calculating distances from Travellers' Bungalows or Inspection Lodges is, as far as I can see, unexceptionable. I request that, under the circumstances stated, the existing practice may be formally authorised and article 537 amended accordingly.

I have the honor to be,

Sir,

Your most obedient servant,

J S Chakravarti

Comptroller.
